

AdSS pre-twisted fiber optic cable hardware

The FIBERLIGN ADSS Midspan Drop allows ADSS drop cables to be redirected anywhere along the backbone cable. It provides the proper loop support for FIBERLIGN ADSS Drop Cable Dead-Ends ...

ADSS suspension clamp is a heavy duty, versatile, and reliable solution for securely suspending ADSS (All Dielectric Self-Support) aerial fiber optic cable. The versatility of the clamp allows the installer to ...

Meet our Pre-twisted Tension Clamp for ADSS, the perfect tool for connecting terminal support, tension support splice support, and supports of angles greater than 25°.

ADSS hardware (all-dielectric self support) for fiber optic cable. ADSS fiber optic dead end self support, tangent supports and including FAS supports and FDS all dielectric tangents and trunnions.

PLP transmission, distribution, substation, fiber optic, solar, and EV solutions protect and connect overhead electric power lines and communications networks.

Discover our selection of ADSS Hardware products. Our product experts are here to assist you. Get in touch with our team now.

Here at AFL we provide years of experience and excellent solutions for your hardware needs in both ADSS (All-Dielectric Self Supporting), OPGW (Optical Ground Wire) and SkyWrap cables. Please ...

Each pair is individually boxed and includes ADSS Direct Attach mounting brackets, and an all dielectric pole block. Fits all fiber cable up to 1.50" OD. Tie eyelets designed to accommodate both stainless ...

ADSS (All-Dielectric Self-Supporting) hardware and overlapping components are specifically designed for use with ADSS fiber optic cables in overhead telecommunications and power distribution networks.

Manufactured by ZMS, Dead-end Clamp for ADSS (OPGW) is simplified to a single-layer component, providing an economical solution for very light loads. Our product effectively transfers the low axial ...
