

Bahrain Coherent Optical Module SFP

The 100G ZR QSFP28 coherent module is a compact, high-speed optical transceiver designed to deliver 100G data rates over long distances, typically up to 120 kilometers, using ...

Cisco QSFP-DD and OSFP 800G coherent optical modules are supported on Cisco switches and routers. For more details, refer to the Cisco Transceiver Modules Compatibility Matrix.

Our pluggable coherent modules are used across our optical network platforms, converged IP-optical routing and fixed network access solutions. They can also be deployed in third-party and white box ...

Coherent FTLF8536P4BCx Small Form-Factor Pluggable (SFP+) Optical Transceivers are designed for 25Gb/s data rate over multi-mode fiber (MMF).

The high performance and low power of the 400G QSFP-DD ULH module make it an optimal choice to extend Routed Optical Networking use cases to regional and ultra-long-haul ...

Optical modules are the core business of Salumanus. Over the past few years, we have supplied more than 1000,000 optical modules, including SFP+/XFP tunable modules, QSFP/QSFP28/QSFP-DD, ...

LINK-PP LS-MM852G-S3C SFP 2.5GBASE-SX Duplex LC/UPC Optical Transceiver Module (MMF, 850nm, 300m, LC, DOM) The LS-MM852G-S3C SFP transceivers are high performance, cost ...

Enhance your network with coherent optical transceivers for 100G, 400G, and 800G solutions. Ideal for DWDM systems, data centers, mobile base stations, and enterprise networks. Achieve high-speed, ...

Get the pluggable module performance you need from the manufacturer of choice for all major networking equipment vendors worldwide.

The optical amplifier module developed by GIGALIGHT is designed for long-distance transmission systems in digital optical fiber communication. It is specifically designed to work in conjunction with ...
