

Hidden Analytical designs & manufactures quadrupole mass spectrometers for gas analysis, electrochemistry, plasma, surface science & advanced research.

AP Technologies is the UK-based distributor of OtO Photonics" extensive range of high-performance, ruggedised, miniature spectrometers for OEM integration covering wavelengths from the deep...

Find your foundry spectrometer easily amongst the 8 products from the leading brands (Hitachi, SPECTRO, Belec, ...) on DirectIndustry, the industry specialist for your professional purchases.

We Stock microanalytical equipment including HPLC, GC/GCMS, ICP, FTIR along with microscopes, Fume cupboards, Autoclaves and more.

EDXRF spectrometers have no such restrictions and are therefore often chosen for many different applications. Depending on the model of spectrometers conduct element analysis of the sodium (Na) ...

European Spectrometry Services are world leaders in mass spectrometry systems. We cater to any customer, creating bespoke instruments perfect for your needs and requirements, from multiple ...

This spectrometers buying guide provides technical background, comparison of major types, selection criteria, and an overview of suppliers.

Identification of the major stakeholders in the Europe Spectrometers market, and analysis of their competitive landscape and market positioning based on recent developments and segmental revenues.

SPECTRO is a global leading supplier of advanced analytical instruments like ICP, Arc Spark OES, and XRF spectrometers for precise elemental analysis of materials.

Purchase spectrometers the easy way: Discover all products and suppliers for chemical analysis. Find out product prices easily by requesting a quote. Tip: Select a quick entry below to view selected ...

Direct Sales of Spectrometers for Foundry in Eastern Europe
