

Jamaica 1 6T DFB Distributed Feedback Laser with 3-Year Warranty

With versatile, hermetically sealed packages like HHL, TO-can, and fiber-coupled options, our customizable DFB laser diodes ensure precise spectral control and reliable integration into advanced ...

These DFB lasers are designed for mode-hop-free, continuous current tuning from 15 °C to 35 °C. These diodes can be both temperature and current tuned to achieve the desired operating ...

DFB lasers suitable for near infrared molecular absorption. Available wavelength range between 1260 nm and 2340 nm. A variety of DFB-LDs are available ...

This page describes our DFB-LD (Distributed Feedback Laser Diode) products suitable for applications such as fiber sensing, 3D sensing, and gas sensing.

Distributed Feedback Lasers (DFB) from Innolume ensure high wavelength stability and narrow linewidth. Covering 780-1350 nm, they feature a proprietary chip design.

These devices have been optimized for telecommunication, test & measurements as well as photonic sensing applications (gas). We are ready to lead you into the ...

These devices have been optimized for telecommunication, test & measurements as well as photonic sensing applications (gas). We are ready to lead you into the future of light no matter where your ...

Distributed Feedback (DFB) and Distributed Bragg Reflector (DBR) laser diodes feature a frequency-selective structure within the laser chip, which restricts the laser emission to a single longitudinal ...

DFB lasers suitable for near infrared molecular absorption. Available wavelength range between 1260 nm and 2340 nm. A variety of DFB-LDs are available telecom and spectroscopy applications! ...

The front facet of the laser chip is provided with a high quality antireflection coating for avoiding the Fabry Perot modes of the laser chip. Distributed Feedback (DFB) Diode Lasers are available at ...

The acronym DFB laser stands for distributed feedback laser. Their key features relative to other semiconductor lasers are their single longitudinal mode (single frequency) emission profile, ...

This distributed feedback lasers buying guide provides technical background, comparison of major types, selection criteria, and an overview of suppliers.

Jamaica 1 6T DFB Distributed Feedback Laser with 3-Year Warranty
