

Optical Power Meter Red Light Integrated Unit USB Charging

PG-OPM2020 Hand-held optical power meter, red-light integrated machine series products are mainly used for continuous optical signal power measurement, optical fiber link loss testing and optical fiber ...

-70 ~ +10dBm AUA-MC70 15MW 4 in 1 Mini OPM Rechargeable Optical Power Meter Red Light Integrated Machine Features: - 10 optional wavelengths; 500 groups of data storage, store and view ...

30 years of R & D and manufacturing experience - Jilong designed the OPM-22 series as a high-precision optical power meter, which adopts a pocket design, is mini and light, accurate in ...

The Y3 Optical Power Meter with Built-in VFL is an efficient 2-in-1 testing tool combining a high-accuracy optical power meter with a 650nm red light visual fault locator. Designed for fiber professionals, it ...

Shipment arrived well ahead of schedule, securely packaged, and the unit performed exactly as described. Highly recommend this seller--efficient, reliable, and straight-forward.

[Multifunctional Power Meter] Featuring red light source, rj45 testing, and led light function for practical use. [Rechargeable Design] Equipped with a 3.7v 650mah battery and usb charging ...

Our handheld optical power and energy meters are plug and play compatible with our wide range of calibrated optical sensors for the highly accurate and repeatable optical measurements required in ...

Enjoy Free Shipping Worldwide! Limited Time Sale Easy Return.

[Fast & Accurate Measurement] : Provides quick readings without warm-up, with relative power calculation and self-calibration features. [Wide Measurement Range] : Covers -70 to -10dbm ...

Robust & Portable - Lightweight yet durable design for field applications. Flexible Power Options - Supports standard batteries, rechargeable lithium, and external USB power. Multi-Mode ...
