

Price of residual current device RCD for distribution box

The purpose of residual current devices is to automatically break the electric circuit during instances of ongoing electric shock. See Clipsal's range.

Comparing residual current device prices. You can easily wholesale quality residual current device at wholesale prices on Made-in-China .

Purchase 1 pole residual current circuit breaker (RCCB) online at factory price, with overload protection function, optional rated current of 10 amp/16 amp/ 20 amp/ 25 ...

Schneider Electric provides voltage independent RCDs which work on current sensing technology and provide protection from residual current even at extra low voltages (down to zero volts) and in case of ...

We supply two Residual Current Devices (RCD) ratings (16 & 32 A). These also act as a circuit breaker (RCBO type), have an insulation rating of 400V AC, make/brake current of 6000A, a 30mA trip rating ...

Purchase 1 pole residual current circuit breaker (RCCB) online at factory price, with overload protection function, optional rated current of 10 amp/16 amp/ 20 amp/ 25 amp/ 32 amp/ 40 amp/ 50 amp/ 60 ...

It includes detailed sections on products such as miniature circuit breakers, residual current devices, and various wiring devices, along with their specifications and pricing.

RCD blocks are residual current devices suitable for assembly with a standard MCB. The residual current operated circuit-breaker obtained in this way maintains both the electrical characteristics of ...

Order Residual Current Devices (RCD) (Modular Circuit Brakers (MCB)) at competitive prices. Fast delivery starting from 24 hours, secure payments, and up to 2-year warranty.

With their advanced features, reliable performance and easy installation, FuseBox RCD devices are a smart and cost-effective choice for any installer or end-user looking to ensure the highest standards ...
