

QSFP28 Optical Module

Browse optical transceivers from Pivotal Optics including SFP, SFP28, QSFP28 & QSFP-DD modules. 1G to 400G solutions for data centers & networks. Shop now!

This transceiver is compliant with the QSFP28 MSA and IEEE 802.3bm CAUI-4 electrical interface. Digital diagnostics functions are also available via an I2C interface, as specified by the QSFP28 ...

QSFP28 are part of Smartoptics's hot-swappable small form-factor family of optical transceivers and cables.

The built-in surge current mitigation technology mitigates the DUT risks from being damaged. The broad operating temperature range accommodates the enterprise, datacom and telecom applications. The ...

QSFP28 Single Lambda modules have made an optical technology breakthrough, which allows delivery of 100G Ethernet connectivity over a single wavelength. These modules use 4-level ...

When used with Intel's Ethernet Network Adapters with QSFP28 connectivity, these optics provide interoperability and secure connections for virtualized platforms, high-speed networking, and ...

Hot Selling Qsfp28 100g LR4 1310nm 10KM Duplex LC Optical Fiber Transceiver Module 100Gbps Single Mode QSFP28 100G for Arista

The hot-pluggable QSFP28 form factor allows for seamless system upgrades and maintenance without interrupting network uptime. Built with advanced optoelectronics, it ensures low power consumption ...

Choose the best 100g qsfp28 optical transceiver for your network by comparing compatibility, distance, fiber type, and future-proofing options.

The 100GBASE-LR Single Lambda QSFP28 Optical Transceiver Module is designed for use in 100GBASE Ethernet throughput upto 10km over single mode fiber (SMF) using a wavelength of ...
