

Shenzhen Technology s optical modules

ShenZhen HLT Optical Technology Co.,Ltd Main Products:Semiconductor Laser Source,Electro-optic modulator,Intensity Modulator,IQ/QAM Modulator,DP-QPSK Modulator,Phase ...

Its product portfolio spans full-rate optical modules from 10G to 1.6T, which are widely deployed in AI computing centers, cloud data centers,5G transport networks, and telecommunications transmission ...

Currently, AI computing power is driving the generational upgrade of optical modules, with optical module rates transitioning comprehensively from 400G to 800G and accelerating towards 1.6T.

Contact Info 4F, B building Youlitong Technology Park, No. 56 Qingsong Road, Pingshan District Shenzhen, China (518000)

With the area of 4000 square meters in its free-dusty plant and the staff of around 200, Modulelink has been recongnized a trusted and reliable business partner for global operators, distributors, suppliers, ...

About Us Box Optronics Technology Company, located in Shenzhen, China, is a company providing optical fiber modules, laser devices and customized optical products solutions, mainly engaged in ...

It is a high-tech enterprise of optical communication products integrating R& D, production, sales and service.

It is one of the key high-tech enterprises of the China Torch Program and a national enterprise technology center. Based in Shenzhen, O-Net has branches in Beijing, Hangzhou, Wuhan,Hong ...

Shen zhen FIBERTOP Technology Co., Ltd. was established in 2009. It is a national high-tech enterprise dedicated to the research and development, production, sales and service of optical ...

Through our robust R& D capabilities, SkyOptics is able to deliver innovative, reliable, and high-performance optical communication products that empower our customers to build faster, smarter, ...
