

Vietnam DAC High-Speed Cable OSFP

Our OSFP Cable line-up is OSFP MSA compliant and protocol agnostic for worry-free integration into 200/400/800-Gigabit Ethernet and InfiniBand networks.

Discover the future of high-speed direct attach cables with insights on OSFP DAC in this concise guide.

Independently tested to be interoperable with most major equipment manufacturers, Siemon interconnects deliver cost-effective, flexible support for your high-speed, direct attach equipment ...

TE Connectivity's (TE) next-generation OSFP 224G copper cable assemblies are designed to meet the evolving needs of high-speed and high-density data centers and cloud computing environments.

The Octal Small Form Factor Pluggable (OSFP) Connector System provides single- or dual-port, 8- or 16-lane I/O connectivity with DAC, AOC, ACC and optical modules for high-density switch applications.

Since high speed cables are engineered for modern data-center, cloud, AI/HPC and storage fabrics where port density, thermal headroom, and eye-diagram margin decide uptime.

Yes, the 1.6T DAC cable is designed to be backward compatible with 400G OSFP and 800G OSFP standards, ensuring seamless integration into existing network setups.

Our Electronics Products Product of the Year award- winning OSFP (Octal Small Form Factor Pluggable) cable assemblies are compatible with 25G/lane channel NRZ up to 112G/lane ...

High-speed Volex Direct Attach Copper (DAC) cables deliver reliable, energy-efficient data transfer for data centers. Customizable, tested and ready to deploy.

Our advanced OSFP-XD cable assemblies are designed to meet the rigorous demands of both PCIe® Gen 5 and Ethernet protocols, providing a future-proof solution with unparalleled ...
